# You can afford the Volkswagen you couldn't even afford to think you could afford.

Obviously, it's in our interests as well as yours to make our finance packages affordable. So affordable, in fact, you might be tempted to lower your repayment or shorten your agreement period or even go for a higher specification model. For more details, see your nearest retailer or visit [www.volkswagen.co.uk](http://www.volkswagen.co.uk). Volkswagen synonymous with affordability? Now there's a thought.

**Finance**

Indemnities may be required. Subject to status. Available to over 18s.  
Volkswagen Finance is a trading name of Volkswagen Financial Services (UK) Limited, Freepost VWFS.

## As individual as you are.

Personalise your Volkswagen with a range of retailer fitted accessories. Pick up an accessories brochure for full information on accessories such as Bluetooth telephone kits, iPod connectivity, roof bars, carpet mats and much more. Our brochures include fully fitted prices\* and you can even include accessories within your finance deal to spread the cost. If a genuine accessory is fitted prior to collection (pdi), you will also benefit from a 3-year Volkswagen warranty.

\* Where fitting costs are applicable, and unless stated otherwise.

# Factory-fitted options.

At Volkswagen, we work towards making sure that our cars are as close to perfection as we can make them. However, no matter how good our cars are, we know that they will never be exactly what you want in every detail.

Hence the exceptional range, style and quality of our factory-fitted options. So that if you find any particular part of your Volkswagen needs a little something to make it match your desires precisely, this is precisely where you will find it.

## Alloy wheels and styling packs

Add a touch of style and personality with this great choice of alloys. Alloys add a distinctively sporting look to your car, carefully chosen to enhance the exterior styling of every model, these options give you plenty of opportunity to express your individuality and transform the appearance of your new Touran.

01 'Oakland' 7J x 17 alloy wheels.

## Comfort and convenience

The importance of comfort and convenience cannot be over-emphasised. Choose from this range of factory-fitted options to create an interior that meets your individual needs, and makes life just that little bit more comfortable and convenient. 2Zone electronic climate control, electric sunroof or Convenience pack, these luxuries are designed to help you relax and take the stress out of driving, adding not only a touch of luxury, but also providing invaluable practical assistance.

02 Automatic dimming interior rear-view mirror (Convenience pack).

## Exterior

The exterior styling of a car is not only an expression of its personality, but makes a powerful statement about your own individuality and taste. These factory-fitted options provide an easy and effective way to create a striking visual appearance with great aesthetic appeal, while enjoying some important practical benefits. From heat insulating tinted glass to front fog lights, choose the options best suited to your needs and enhance not only your new Touran's exterior looks, but your driving experience too.

## In-car entertainment and communications

When it comes to in-car entertainment systems and communications packages, those looking to install a technologically advanced or upgraded system are spoilt for choice. Whether you require the latest touch-screen navigation system or digital radio receiver, these factory-fitted options provide the ultimate in advanced electronics, state-of-the-art technology and connectivity.

03 RNS 315 touch-screen navigation/radio system.

## Safety and security

Safety and security have to be a primary consideration, for only when you are feeling totally safe and protected can you completely relax. For example, the rear parking sensors take the worry out of reversing into tight spaces, enabling you to enjoy the driving experience so much more.

04 Rear parking sensors.

## Steering wheels

A multifunction leather trimmed steering wheel including Highline multifunction computer not only adds a touch of elegance and style, but enables you to control a diverse range of functions with the greatest of ease. Everything is to hand and intuitively where you would expect it to be, allowing you to drive in a totally relaxed manner, while enjoying all the benefits of advanced technology.

## Upholstery and trims

The interior of your car is all about aesthetics and luxury, leather upholstery enables you to create a sumptuous interior that is tasteful, elegant and attractive, meeting your individual needs perfectly, and providing the highest levels of comfort and driving pleasure. Sit back, relax and enjoy your surroundings.

( ) Automatic figures.

A guide on fuel economy and CO<sub>2</sub> emissions which contains data for all new passenger car models is available at any point of sale free of charge. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors play a role in determining a car's fuel consumption and CO<sub>2</sub> emissions. CO<sub>2</sub> is the main greenhouse gas responsible for global warming.

\* Fuel consumption figures shown are mpg/ltr per 100 km for the Urban, Extra-urban and Combined fuel cycles in accordance with EU Directive 99/94.

† These engines will be introduced on vehicles produced from week commencing 8 November 2010 onwards. Please consult your Volkswagen retailer for full details.

‡ This engine will be introduced on vehicles produced from week commencing 4 October 2010 onwards. Please consult your Volkswagen retailer for full details.

± The CO<sub>2</sub> figure for these models is estimated and has yet to be confirmed. Consequently, a change to this figure may result in a change to the Manufacturer's Recommended 'On the road' Retail price. Please consult your Volkswagen retailer for full details.

# Vehicle Excise Duty (VED).

On 1 May 2009, there was a change to the Vehicle Excise Duty (VED) tax bands. Cars are taxed according to their CO<sub>2</sub> emissions, in bands A to M.

All vehicles first registered on, or after, 23 March 2006 are subject to a new form of VED (Road Fund Licence). This new duty is based upon the type of fuel the vehicle uses and its carbon dioxide (CO<sub>2</sub>) emissions level, measured in grams per kilometre (g/km). To help you identify the duty you will pay, the DVLA has created thirteen categories for petrol engines and thirteen categories for diesel engines.

Increased weight of a vehicle, including higher trim levels and the addition of options will have a detrimental influence on the level of fuel consumption and CO<sub>2</sub> emissions produced.

The CO<sub>2</sub> and fuel consumption figures are obtained from tests on a representative vehicle of the type, conducted and approved in accordance with Council Directive 80/1268/EEC as amended by Directive 1999/100/EC (or later) on the approximation of the laws of the member states relating to the carbon dioxide emissions and the fuel consumption of motor vehicles.

## VED band 'First year rate'

From 1 April 2010, anyone buying a new car will pay a 'First year rate' of VED for the first Road Fund Licence. The chart below shows the VED bands and the charges which are levied:

### VED band 'First year rate'

VED band	CO <sub>2</sub> emissions (g/km)	Petrol VED £	Petrol total 'On the road' costs £	Diesel VED £	Diesel total 'On the road' costs £
A	Up to 100	0.00	560.25	0.00	560.25

M	Over 255	435.00	435.00

### Six months' VED (Road Fund Licence)

From 1 April 2010, six months' Road Fund Licence will not be available for some vehicles at first registration. VED rate for bands A-D is zero and will not be eligible for a six-month Road Fund Licence at first registration. VED rate for bands E-G will be eligible for a six-month Road Fund Licence at first registration. VED rate for bands H-M will not be eligible for a six-month Road Fund Licence at first registration.

### Subsequent year's VED (Road Fund Licence)

Vehicles with a VED rate of £55 or above will be eligible for a six-month Road Fund Licence.

### VED 'First year rate' refund

Refunds on a vehicle's Road Fund Licence in bands H-M will only be calculated on the basis of the 'First year rate' if the vehicle has been stolen, scrapped or moved into a tax class where no VED is payable (e.g. cars for the registered disabled).

If the refund is being applied for because the vehicle has been sold, exported or taken off the road, it will be calculated according to the 'Standard rate' of VED applicable to that vehicle.

## The Volkswagen Warranty

### Three-year Warranty

All Volkswagen passenger cars come with a three-year/60,000 miles warranty, which protects your car against the failure of most mechanical and electrical components due to manufacturing defects. This comprises a two-year manufacturer's warranty with unlimited mileage plus a further one-year/60,000 miles (whichever is soonest) Retailer Warranty. Should the mileage exceed 60,000 miles within the first two years, the manufacturer's two-year warranty will still be valid. If an additional warranty for subsequent years or higher mileage is desired, it may be purchased from an authorised Volkswagen retailer or repairer; however, this additional warranty must be purchased before the mileage reaches 60,000\*. Full details of the three-year warranty are available from your authorised Volkswagen retailer or repairer.

\* All warranty work must be completed by an authorised Volkswagen retailer or repairer.

### Body Protection Warranty

The internal body sections and panels of the new Touran are covered against rusting through from the inside for 12 years. Naturally, the vehicle must be cared for in compliance with the operating instructions. Please consult your authorised Volkswagen retailer or repairer for full warranty details.

### Three-year Paintwork Warranty

This latest warranty, pioneered by Volkswagen, really provides you with the widest possible cover on a new car.

There are no special conditions attached and paintwork manufacturing defects will be rectified without charge. Naturally, during the warranty period the car must be cared for in compliance with the operating instructions.

### Service Intervals

Volkswagen are pleased to offer you a choice on how your new Touran is serviced. The appropriate selection is entirely dependent on how the car is likely to be driven and its general use. To help you identify which type of service would be most suitable, please refer to the following guide.

The Time and Distance Service is recommended for vehicles that will cover less than 10,000 miles in 12 months and if the vehicle is likely to be used in the following way:

- Predominantly urban driving, short journeys with frequent cold starts.
- Activities regularly producing high engine loading, e.g. frequent hill climbs, driving with vehicle fully loaded and towing.
- Uneconomical driving style using high rpms with heavy acceleration and heavy braking.

The service intervals for the Time and Distance Service are as follows:

- Oil change service                      Every 10,000 miles/1 year (whichever is soonest).
- Interval service                          Every 20,000 miles/2 years (whichever is soonest).
- Inspection service                      Every 40,000 miles/3 years (whichever is soonest).

The LongLife Service is recommended for vehicles with a daily mileage of more than 25 miles where the vehicle is driven regularly mainly on longer distance journeys. The vehicle is driven mainly at a constant speed with minimum vehicle and engine loading, minimal towing and driven in an economical manner.

With the LongLife Service the vehicle can cover anywhere between 10,000<sup>†</sup> and a maximum of 18,000<sup>†</sup> miles or 24 months (whichever is soonest) between oil changes. Inspection service is typically in the third year of ownership and thereafter every second year, for vehicles with an approximate annual mileage of 10,000 miles.

<sup>†</sup> Please note that mileages are approximate as the service indicator system uses kilometres as the distance measurement. Please consult your authorised Volkswagen retailer or repairer for advice and full details.
